

BEAVERTAIL SKIFFS

17 Elite

Elite 17

LOA: 17'8"

Beam: 72"

Draft: 7"+

Fuel: 20 gal

Livewell: 30 gal

Gross Wt: 600 lbs

Power: 70 - 90 hp

When we designed the **Elite**, we had professional guides and hardcore anglers in mind. And after much research and collaboration with the finest pros in the industry, we delivered a technical skiff which can deliver anglers to the fishing zone, silently stalk trophy fish and stand the test of time. The Beavertail **Elite** was truly a labor of love and we've poured as much passion into her as the folks that will fish her!

Features:
