

# BEAVERTAIL SKIFFS

Air 18

**LOA:** 18'3"

**Beam:** 77"

**Draft:** 8"+

**Fuel:** 35 gal

**Livewell:** 30 gal

**Gross Wt:** 700 lbs

**Power:** 90 - 115 hp

The Beavertail **Air** bears a strong resemblance to its big brother, the Lightning, and was designed & built to handle the big water of open bays, yet still access the shallow flats where trophy fish live. Designed with tournament anglers at-heart, the **Air** sports 360 degree fishability, loads of dry storage and an optional 25 gallon release well. And with power options up to 115hp, a full stepped hull and our signature dry ride - you'll get to the fishing grounds and back in comfort - fast!

## Features:

- Fully-cored, carbon kevlar hull
- Large forward casting deck with anchor locker
- Forward large dry storage compartment
- 30-gallon insulated livewell
- 2 large aft storage compartments which can be plumbed as release wells
