The **Strike** is the boat that shallow water anglers have been dreaming about and the best features of every Beavertail that has ever been built have been brought together in this 17'6" hull. This 3rd generation Beavertail was designed to deliver ultra-shallow performance, tons of storage and the driest ride among technical skiffs on the market. When the middle of nowhere is your destination, the **Strike** will take you there.

Features:

- Forward and aft large storage compartments
- 20 gallon removable, aluminum fuel tank - powder coated
- All hatches have deep gutters, lipped and fitted with gaskets
- Flush-mounted, highest grade stainless steel hardware throughout
- 8-gallon crab well (with optional 16-gallon live well)
- Hydraulic steering comes standard for smooth operation
- Trim tabs and 4-inch set back jack plate - standard
- 15" gunnels create a very stable platform
- Easy clean, non-skid surfaces throughout
- Rod racks with fly rod tubes up to 10' - four rods per side
- Anodized poling platform designed and built in-house
